

Margin Trading Facility up to 2 Crores by Naasa Securities

NAASA Securities Company Ltd., Nepal's leading stock brokerage company is proud to announce the launch of an innovative Margin Trading facility, a first of its kind in the country. Now, investors can seize exciting investment opportunities by purchasing shares through a loan from Naasa Securities, where the Loan structure is flexible and welcoming enough to cater all kinds of customers and their loan requirements.

We are pleased to present new plans and schemes to cater to every customer and their margin requirement, under our Margin Transaction Facilitation Directive, 2082, which is a new replacement to the similar Directive from 2075.

Under our Margin Trading facility, clients who are willing to take the Margin Product of Rs. 10 Lakh can commence their trading activities with just a 30% Initial Margin, i.e. Rs. 3,00,000 and receive a Loan of Rs. 7,00,000. This plan, if valid for a period of 1 month, shall incur a total service charge and interest charges of only Rs. 7,000. In case of same loan amount, valid for 2 months shall incur service charge and interest charges of Rs. 13,650, and similarly, if the validity is of 3 months, it shall incur service charges and interest charges of Rs. 19,950.

Furthermore, the schemes and offers vary from the ranges of Rs. 10 Lakh to Rs. 2 Crore while their respective time period varying from 1 month, 2 months and 3 months.

Below are tables that explains this plan, and their respective Service charges clearly;
